Also, ***Paint Your Heart Out*** is currently taking applications. Does anyone in your assigned ward need assistance with painting?

MHT MISSIONARIES AND NEIGHBORHOOD REPRESENTATIVES

Often our home owning friends need assistance that is beyond our capabilities. Many times they are not aware of the resources available. Often they need encouragement and assistance to apply for eligible programs. Please make yourself aware of these programs and assist in educating those in need.

OTHER FUNDING OPTIONS

In addition, My Hometown sometimes has access to companies and non-profits looking for large projects to support with volunteers and/or funding. Let us know if you have a project that could qualify.

COLUMBUS ADULT EDUCATION CENTER HAS A FRIENDS OF FAITH WALL

Our wall representing the faithful churches in our area includes contact information for our friends of other faiths.

We rented a bus and took some of our English students on a field trip to Ensign College to learn about opportunities in higher education.

Some of our leaders attended a training of the Reading Horizons English curriculum at their headquarters in Kaysville .

Another successful Easter Egg Hunt at the Columbus Adult Education Center!

Our missionaries filled 3000 eggs, in addition to the other prizes and treats.
